Diva

The last vanguard in ceramics has allowed us to design Diva. The different decorative styles that have entered with force in the construction and the reform require the metal to accompany the ideas of the most demanding decorators and interior designers. In addition to the metallic Diva incorporates a finish inspired by the capitonné and beveled that makes its pieces have a smooth three-dimensional surface.

Diva is part of B|small, a brand of Baldocer with ceramic collections with different designs, reliefs, colors, textures and finishes, as in this case the metal, but all of them characterized by the small format.

Pasta Blanca

La última vanguardia en la cerámica nos ha permitido diseñar Diva. Los diferentes estilos decorativos que han entrado con fuerza en la construcción y la reforma requieren del metal para acompañar las ideas de los decoradores e interioristas más exigentes. Además del metalizado Diva incorpora un acabado inspirado en el capitonné y el biselado que hace que sus piezas tengan una tridimensionalidad sutil.

Diva forma parte de B|small, marca de Baldocer en la que se plantean colecciones cerámicas con diferentes diseños, relieves, colores, texturas y acabados, como en este caso el metálico, pero todas ellas caracterizadas por el pequeño formato.

Diva

Diva brings personality and distinction to all projects with two versions: one more rustic and elegant, the Diva Bronze and another one more modern and avant-garde, the Diva Metallic model, both in 15 x 15 cm. format.

A collection for covering private home projects and commercial spaces, which allows you to face a wide range of decorative styles.

The collection is completed with two decors in its two colour versions, Novel Diva 15 x 15 cm., which mixes different patterns and allows for combinations, giving even more personality and exclusivity to the rooms.
